

**Justin Pinter**AI CREATIVE + GROWTH
SYSTEMS

Contract creative support for teams that need execution without extra headcount

Creative, AI, web, ads, and automation under one accountable operator.

For high-income local businesses and agencies that need sharper marketing output, practical AI systems, and polished creative without hiring a full internal team.

BEST FIT

Busy owners, lean teams, and agencies that need white-label production.

Use me for fixed-scope sprints, campaign execution, AI workflow setup, social and ad creative, or ongoing creative direction.

Spokane + Remote

White-label friendly

Fixed scope

AI-native

Pick one sprint, combine a few services, or build a monthly support plan.

Services

01 AI Creative Production

AI-assisted image, video, audio, music, ad concepts, prompt systems, campaign hooks, and creative directions ready for review or publishing.

02 Websites + Landing Pages

Service pages, landing pages, offer pages, portfolio updates, conversion cleanup, content structure, and launch-ready web design support.

03 Social Content Management

Content calendars, post copy, creative direction, carousels, short-form video concepts, asset formatting, and social publishing support.

04 Digital Advertising

PPC, Meta, native advertising, geofencing, OTT/CTV campaign support, ad creative testing, landing page alignment, and reporting.

05 AI Automation + Agents

Lead intake, follow-up drafts, reporting workflows, content operations, internal knowledge tools, and practical AI agent workflows for teams.

06 Video + Graphic Design

Short video scripts, storyboards, AI video direction, ad graphics, banners, one-sheets, pitch visuals, GIFs, thumbnails, and campaign assets.

07 Private AI Training

Hands-on AI workshops for owners, marketers, and teams covering tools, prompts, workflows, automation patterns, and review processes.

08 White-Label Agency Support

Behind-the-scenes creative, AI production, campaign packaging, content systems, and execution support for agencies with overflow work.

Simple promise

Clear scope, fast feedback loops, practical creative output, and work packaged so your team can actually use it.

SERVICES + PACKAGE RANGES

Starting ranges. Larger projects quoted after a fit call and scope.

Start small, then scale the work that actually moves.

Most projects begin with a focused audit, sprint, or setup. Retainers are available when you need ongoing creative direction, content production, ads, or automation support.

HOW PROJECTS WORK

- 1 Fit call.** Confirm goals, buyer, urgency, budget, and what not to do.
- 2 Scope.** Deliverables, timeline, review points, and price are defined before work starts.
- 3 Build.** Strategy, creative, AI workflows, ads, web, or content production gets packaged for use.
- 4 Handoff.** Final assets, notes, next steps, and optional retainer path.

AI + Marketing Opportunity Audit

\$500-\$750

A practical teardown that finds the highest-leverage fixes across website, content, ads, and AI workflows.

- Website, social, offer, and workflow review
- 10 prioritized opportunities
- Quick-win implementation plan

AI Creative Growth Sprint

\$1.5k-\$2.5k

A focused sprint to turn an offer, service, or campaign into usable creative direction and content.

- Messaging snapshot + campaign angles
- AI visual concepts + video/script directions
- 30-day content direction plan

Website or Landing Page Build

\$2.5k-\$6.5k

Design and copy structure for pages that clarify the offer and support calls, leads, ads, or sales follow-up.

- Page strategy + wire/copy direction
- Visual design and launch support
- Optional analytics and ad alignment

AI Automation Setup

\$2.5k-\$7.5k

Practical automations for repetitive creative, lead, reporting, research, or operations workflows.

- Workflow map + tool recommendations
- Agent/prompt/process setup
- Team handoff and usage notes

Social Content + Ad Creative System

\$1.5k-\$3.5k

Build the repeatable creative system behind posts, ads, campaigns, and short-form content.

- Content pillars + posting cadence
- Creative templates and asset direction
- Short-form video and ad concepts

Digital Advertising Support

From \$1k/mo

Campaign planning and management support for PPC, Meta, native, geofencing, OTT/CTV, and creative testing.

- Setup from \$750-\$1.5k
- Management by scope or ad spend
- Creative, landing page, and reporting alignment

Private AI Workshops

\$200-\$400/hr

Hands-on sessions for owners, marketers, agencies, and teams who want practical AI workflows, not generic demos.

- \$200/hr one-on-one
- \$400/hr groups of 4+
- Custom half-day trainings available

Monthly Creative / AI Retainer

\$2k-\$6k/mo

Ongoing creative direction, production support, social/ad systems, AI workflows, and white-label execution.

- Monthly priority queue
- Creative, content, ads, or automation focus
- Custom quote for larger engagements

Ready to scope a sprint?

Send the goal, timeline, and what you need built. I'll suggest the cleanest starting point.
